

# Conversion of a Language Based Course for Online Learning

---

---

---

---

---

---

---

---

## Objectives

- 1. Participants will have an understanding of how the course redesign met and enhanced the learning outcomes.
- 2. Participants will learn the rationale for changing from a non-audio based to audio based medical terminology course.
- 3. Participants will gain knowledge of quality matters in an online medical terminology course.
- 4. Participants will learn about audio tools used that enhanced the online medical terminology course.

---

---

---

---

---

---

---

---

## Course Redesign

- Medical Terminology Textbooks
- Online Lectures
  - BrainShark
- Spelling Test
  - Audio Spelling Tests
- Assignments
  - Medical Record Case Studies
  - Library Assignment
  - Pharmacology Assignment
- Medical Mud Puddle

---

---

---

---

---

---

---

---

## Non-audio Based to a Audio Based

- Different learning styles
- Students retained the material that was being presented
- Audio tools allowed for repetition of the material

---

---

---

---

---

---

---

---

## Quality

- Medical terminology had communicated using text-based synchronous and asynchronous discussion only
- Quality Matters Rubric Standards
- Student Evaluations

---

---

---

---

---

---

---

---

## Audio Tools

- Brainshark
- Blackboard Collaborate
- Ensemble

---

---

---

---

---

---

---

---
